BRIEF HISTORY

The Lemery Water District (LEWAD) is a government-owned and controlled corporation established on August 08, 1981, by PD 198, as amended, otherwise known as the Provincial Water Utilities Act of 1973.

On November 17, 1981, a Conditional Certificate of Conformance No. 169 was issued by the Local Water Utilities Administration (LWUA) to promote the development of water districts.

LEWAD was categorized by LWUA as Category "C" Water District effective March 30, 2012.

The LEWAD has entered into a Contractual Joint Venture Agreement with PrimeWater Infrastructure Corporation (Primewater) for the Financing, Development, Rehabilitation, Expansion, Improvement, Operation, and Maintenance of the Water Supply System of Lemery, which commenced on April 1, 2014. It aimed to improve the water supply system of the Municipality which aligns with the Public Private Partnership (PPP) program being espoused by the national government.

The New Organizational Structure of LEWAD is composed of Five (5) members of the Board of Directors as of December 31, 2021, and Five (5) members of the Contract Monitoring Unit (CMU).

The present members of the Board of Directors are:

Board Chairperson	:	Dr. Evelita D. Magno-Macababbad
Vice Chairman	:	Mr. Ricarte A. Punzalan
Board Secretary	:	Mr. Casimiro A. De Guia, Jr.
Board Treasurer	:	Mrs. Hide M. Aguila
Board Member	:	Mrs. Maria Rodelizz M. Aliling

The Contract Monitoring Unit is composed of the following:

General Manager	:	Engr. Hydee Dela Luna-Ramirez
Member	:	Maria Cecilia M. Mendoza
Member	:	Aldwin O. Bandalaria
Member	:	Josephine S. Manabat
Member	:	Christopher O. Serrano

LEMERY WATER DISTRICT
Carnero Subd., Barangay Sangalang
Lemery, Batangas

Considering that revision of the structure cannot yet be acted upon by the Department of Budget and Management (DBM), LEWAD still operates under its last approved Plantilla of Personnel (POP) and structure for Category C water district.

The policy-making functions remain with the Board of Directors and the general supervision and control with the General Manager. The Contract Monitoring Unit (CMU), per JVA, as its name suggests, monitors the adherence of Primewater to the Joint Venture Agreement, compliance with the service obligations stipulated thereto, conducts a detailed review, impose compliance measures upon PrimeWater to make good its obligation concerning the management of the JV assets, and to resolve customer concerns/complaints.

OUR VISION

A more progressive self-reliant, independent, economically, stable water district, committed to providing safe, potable, adequate, dependable, and affordable water supply for economic and social progress.

OUR MISSION

The Lemery Water District is committed to providing safe and potable, adequate, affordable, reliable, sustainable piped water supply to domestic, commercial, industrial, agricultural, and other uses within the boundaries of Lemery, Batangas.

OUR CORE VALUES

LEMERY WATER DISTRICT embraces this phrase to encourage its employees to maintain their momentum towards its growth and development.

Also, the phrase is an acronym for the following core values that LEWAD employees shall possess:

LEMERY WATER DISTRICT
Carnero Subd., Barangay Sangalang
Lemery, Batangas

LEWAD

MAJOR ACCOMPLISHMENTS TO DATE:

The following are the accomplished Programs and Projects of the Lemery Water District in partnership with Primewater Infrastructure Corporation for Calendar Year 2021.

A. NRW MAINTENANCE AND MANAGEMENT PROGRAM

Non-Revenue Water (NRW) is the volume of water supplied into the network that does not generate revenue.

Considering that NRW is a perennial problem of water districts, including LEWAD and it is also one of the reasons why LEWAD has entered into a Joint Venture Agreement with Primewater Infrastructure Corporation. The LWDs allowable NRW is 20% set by LWUA. Thus, higher than this figure will require the utmost attention of the water districts and their partners.

This year, LEWAD and Primewater prioritize the program covering leak detection activity of main and service line pipe within the service area, meter management, pipe replacements, and network diagnostics, among others.

B. 2021 NATIONAL WOMEN'S MONTH CELEBRATION

The Philippine Commission on Women (PCW) spearheads the Women's Month Celebration (NWMC) which is conducted annually in recognition of women's significant contributions to nation-building. This celebration is part of the worldwide observance of International Women's Day.

The following issuances serve as legal bases for the annual national activity:

- Proclamation No. 224, s. of 1988 declaring the first week of March each year as Women's Week and March 8 as Women's Rights and International Peace Day;
- Proclamation No. 227, s. of 1088 providing for the observance of March as Women's Role in History Month; and
- Republic Act (RA) 6949 declaring March 8 of every year as National Women's Day.

The 2021 National Women's Month Celebration serves as a tribute, a platform, and a call to action that highlights the extraordinary roles of ordinary Juanas in society as trailblazers and harbingers of change. This celebration is also a venue to discuss and address the issues **that women continue to face so empowerment can be fully achieved. The campaign is also a call for concrete, sustainable, and inclusive actions towards gender equality.**

LEMERY WATER DISTRICT

Lemery, Batangas

Government agencies including water districts are strongly encouraged to get the youth involved in their women's month activities.

- a. **Hanging of the Tarpaulin** in front of the LEWAD office and uploading to the website.

- b. **#PurpleMondays.**

LEWAD employees wore GAD purple shirts on all Mondays of March to signify support for women's empowerment and gender equality.

c. Serbisyo para kay Juana (Health Kit Distribution)

The LEWAD-GAD under this year theme, **“Juana Laban sa Pandemya, KAYA!”** highlights the women’s participation in battling the pandemic. As a form of appreciation, LEWAD distributed Forty (40) pieces of Personal Health Kit to the first 40 walk-in consumers on March 9, 2021, in commemorating the women’s month celebration. The adapted kit facemask, face shield, alcohol, and tissue.

**C. WORLD WATER DAY
2021 CELEBRATION**

Monday, 22nd of March 2021, in commemoration of the **WORLD WATER DAY CELEBRATION**, the Lemery Water District (LEWAD) as part of the global water community participated in the said event by the hanging of World Water Day Streamer to announce the occasion.

World Water Day which is celebrated on 22 March every year is about focusing attention on the importance of freshwater and advocating for

LEMERY WATER DISTRICT
Carnero Subd., Barangay Sangalang
Lemery, Batangas

the sustainable management of freshwater resources. The International theme for 2021 is **“Valuing Water”** and it seeks to focus awareness on the global water crisis.

This year, the UN chose the theme “Valuing Water,” which remains consistent with SDG 6. The UN aims to raise global awareness about the real value of water. In one of their statements, the UN said, “the value of water is about much more than its price – water has enormous and complex value for our households, food, culture, health, education, economics and the integrity of our natural environment.”

The celebration was also in compliance with the Local Water Utilities Administration (LWUA) Memorandum Circular 005-21 dated March 2, 2020.

D. TREE PLANTING ACTIVITY

The Lemery Water District employees in participation by Primewater Lemery trooped to the three (3) of its major pumping stations on October 2, 2021, to plant trees and continuously protect its groundwater. Said employees managed to plant 60 pcs Narra, 20 pcs kalamansi, 4 pcs guyabano, 2 pcs avocado, 1 pc mango, and 10 guava plants, totaling 97 trees. The worthwhile activity is also in line with the District’s relentless efforts to protect and conserve the watershed.

The activity is almost a tradition of LEWAD every year and was considered successful in adding trees yearly to continually assure the provision of potable water to the District’s water consumers.

The **Tree Planting Activity** aims to raise awareness to the society in the

LEMERY WATER DISTRICT
Carnero Subd., Barangay Sangalang
Lemery, Batangas

importance of planting and saving trees, express our concern for the environment, and diminish the unfavorable effects of climate change. To be aware of the importance of tree planting and its impact on the protections and increasing the growth and reproduction index of trees.

Employees were also instructed to strictly observe social distancing and strictly wear their facemask during planting time.

E. OTHER ACTIVITIES ABOUT THE COVID-19 PANDEMIC AND THE ADAPTATION OF CSC, DOH, AND DOLE JMC NO. 1, S. 2020

1. Procurement of LEWAD Personal Protective Equipment (PPEs)
2. Procurement of LEWAD Health Kit
3. Provision for Shuttle Service to all LEWAD officers and employees

LEGAL BASES for the Adaptation and Implementation:

1. CSC, DOH and DOLE JMC No. 1, s. 2020
2. PCW Memorandum Circular No. 2020-03 dated April 27, 2020
3. CSC MC No. 10, s. 2020

A. CSC, DOH and DOLE JMC No. 1, s. 2020

The Occupational Safety and Health Standards for the Public Sector is aimed at protecting all government employees from the dangers of injury, sickness, or death in the workplace through the adoption of safe and healthy working conditions to ensure the preservation of human lives and resources and prevent loss/damage of properties.

This shall also guide the government agencies in the development, implementation, monitoring, and evaluation of Occupational Safety and Health for government employees.

Section V of the said JMC which is the Provision for Reasonable Working Conditions elaborated the following:

1. PROCUREMENT OF LEWAD PERSONAL PROTECTIVE EQUIPMENT (PPE)

LEMERY WATER DISTRICT
Carnero Subd., Barangay Sangalang

COASTAL CLEAN-UP

Every September, the Lemery Water District and Primewater Lemery participated in the Coastal Clean-up (ICC) organized by the Municipal Government of Lemery, Lemery, Batangas which provides an opportunity to make a difference in the deterioration of our oceans. But this year, the Municipal Government of Lemery does not organize a Coastal Clean-up Drive due to the current health situation in the municipality.

The International Coastal Clean-up (ICC) is celebrated yearly by Proclamation No. 470, s. 2003, observed every third Saturday of September. ICC is part of the global coastal clean-up celebrations. ICC engaged people to remove trash from the world's beaches and waterways to free our oceans especially of plastics which pollute the water and marine life.

The Rotary Club of Downtown Lemery (RCDL) organized a coastal clean-up drive on September 26, 2021. It is one of the priority programs of RCDL for this year.

During this pandemic, the number of volunteers is expected to drop due to basic safety protocols. It was participated by RCDL Officials and other LEWAD and Primewater's employees.
